City and is a friend of P. E. Hudson.
He expects to improve his property
here.

Bust Up at the Electric Plant.
The Record has been closed down
a considerable part of the day owing
to an accident at the electric light
plant, where several valves were
blown out. This occurred this morning
about eleven o'clock and it was
4:15 o'clock before the wheels at the
Record office began turning once
more.

HUGE AMERICAN FLAG

World's Largest Standard Will
Wave in Pittsburg.

DIMENSIONS 80 BY 160 FEET.

With Its Hangings the Flag Will
Weigh About Half a Ton—Each Star
Will Be Eight Feet High—To Cost
About \$900.

Pittsburg, Pa., will unfurl the largest
flag in the world. This giant
sample of Old Glory, which will likely
float between the courthouse and the
Frick building, will be 80 by 160 feet
in dimensions. The width of each of
its thirteen stripes will be greater than
six feet, and each star will be eight
feet high. The material in the emblem
alone will weigh 700 pounds, and the
flag with its hangings will weigh about
a half ton.

The best standard United States
bunting will be used in the construction
of this whopper insignia of liberty
and independence, which will be eight-
teen times larger than the largest flag
in the government service and 400
times larger than the standard storm
flag of the United States army.

The monster cloth of red, white and
blue will be acquired by the city of
Pittsburg through the patriotic energy
of Captain Howard B. Oursler, private
secretary to Mayor Magee.

It will take between \$800 and \$900
to manufacture the flag, and Captain
Oursler has already put up \$200 as a
nucleus to the fund. It is Captain
Oursler's intention and the hope of
Mayor Magee to have the flag ready
for raising with appropriate ceremony
on the Fourth of July, which promises
to be the most enthusiastic independence
day celebration in Pittsburg's history.

So great will be the weight of the
flag that its seams, which will be
made of the strongest shoemakers' thread,
must be re-enforced with heavy
tape, 2,000 feet of which will be used.
Were all the material that will go to
make the flag stretched in a single line
it would encompass Greater Pittsburg,
making a chain eighteen and a quarter
miles long.

Captain Oursler has hit upon a
scheme for building the big standard
which promises to bring to the front
many Betsy Rosses. It is probable
that different sections of the flag will
be sewed by the women's patriotic societies
of Pittsburg, including the Ladies
of the G. A. R., Daughters of the
American Revolution, Daughters of
1812 and a number of other organizations.

The firm which has agreed to furnish
the material to Captain Oursler at
cost price has also declared its willingness
to supervise the sewing of the
material in order that the seams shall
be uniform.

Contributions to the flag fund will be
received by Captain Oursler at the
mayor's office. Each contribution will
be acknowledged. Persons who send
in donations will be given souvenir
cards worth keeping certifying to the
contributions, and those who participate
in the construction of the emblem
also will be awarded certificates.

There is no flagstaff in Pittsburg tall
enough or strong enough to hold such
a flag as Captain Oursler proposes,
and even if there were it would take
a big hurricane to float it. Therefore
it has been suggested that it be strung
across Grant street between the court-
house and the Frick building.—Pitts-
burg Dispatch.

FITTING OUT THE HALF MOON.

Reproduction of Henry Hudson's Ship
to Be Ready in July.

Good progress is being made toward
completing the ship Halve Maen (Half
Moon), recently launched from the
navy yard at Amsterdam, Holland.
This queer looking craft, which the
people of the Netherlands are sending
as a token of their friendship for
America, is expected to be one of the
most attractive features of the naval
parade to be held in connection with
the Hudson celebrations in New York
in October.

When rigged and fitted out the Halve
Maen will be an exact reproduction of
the vessel sailed by Henry Hudson.
The ship is built of heavy oak timbers
and has the high poop and long nosed
prow of old Dutch and Spanish galleons.
She is about eighty tons burden,
sixty-three feet long, has eighteen
feet beam and draws seven and a half
feet of water. Her crew will number
twenty men.

The Halve Maen is being fitted with
three masts and sails of ancient pattern.
Her armament will consist of
several antique cannon handed down
from early generations of Dutch ad-
venturers. She will be ready in July
and will be shipped on one of the Hol-
land-America liners for transport
across the Atlantic. On Sept. 27
she will make her official entry into
Sandy Hook, after which she will be
handed over to the American committee
in charge of the Hudson celebra-
tion.

Rubber as Health Guard.
With the approval of Secretary of
the Treasury MacVeagh and of Di-
rector Ralph of the bureau of engraving
and printing the women of the
bureau will be furnished with rubber
aprons, while their shoes will be fitted
with rubber heels. This is the result
of the inspection of the bureau by a
committee of women representing the
National City Federation of Women,
who recently recommended the change
in dress.

IN THE SOCIAL WORLD.
Mrs. C. M. Bird's removal to her
newly finished home at 210 South Lea
avenue was celebrated last night with
a surprise party, in which about thirty
neighbors called in a body, bringing
ice cream and cake. A very pleasant
evening was spent playing cards and
listening to an impromptu program of
vocal and instrumental music, there
being several musicians in the crowd.
Mrs. Bird's new home is a cozy bungal-
ow of five rooms, modern in every
particular, neat and attractive.

The Entre Nous Club met this af-
ternoon in regular session with Mrs.
C. M. Bird.

Mrs. E. B. Leepy and Mrs. U. S.
Bateman have issued cards for a re-
ception at the home of Mrs. U. S.
Bateman on North Main street, Thurs-
day afternoon, June 10.

Bad Lights Cause Auto Accident.
As a result of having poor lights
on their auto, Mr. and Mrs. W. A.
Johnson and a party of friends, com-
posed of Mr. and Mrs. A. Pruitt and
Mrs. G. T. Veal, met with a slight ac-
cident on east Second street last night.
When it became time to light the
lamps, Mr. Johnson found that the
acetylene pipes were stopped up. He
lighted the oil burners and with this
dim light, proceeded on slow speed.
After crossing several bridges success-
fully, he missed a culvert on east Sec-
ond street, one of the front wheels
dropping into the ditch, cracking the
front axle and jolting the passengers.
The car was running so slowly it
stopped, however, and nobody was
hurt in the least. A relief car was
phoned for and the party returned to
town. Mr. Johnson's car was not dam-
aged so much but what it could be
run to town.

D. P. Greiner went to Hagerman
last night for a few days' visit in the

well Gas Company, left last night on
a business trip to points down the
road.

F. A. Galer, manager of the Conti-
nental Oil Company in the Pecos Val-
ley, went to Carlsbad last night on busi-
ness.

Capt. Mossman, of Kansas City,
passed through last night on his way
to the headquarters of the Turkey
Track ranch, of which he is the official
head.

Mr. and Mrs. C. R. Brice returned
last night from a few days' visit at
Santa Fe, where Mr. Brice was called
on business. They went through to
their home in Carlsbad.

Miss Lucy Lenz went to Artesia
last night for a few days' visit with

TWO MORE GAMBLING CASES ARE DISMISSED.

The last two of the gambling cases,
brought in the city court about a
month ago, have been dismissed in the
city court by Judge A. J. Welter, upon
application of the city attorney, R. D.
Bowers. The case in which Walter
Anderson was defendant was dismissed
several days ago and the case
against Wade Swift, which had been
set to come up June 10, was dismissed
yesterday. This action was taken by
the city attorney for the reason that
he could find no evidence to justify a
prosecution.

Correct Apparel For Gentlemen

Well Dressed Men are finding
out the merits of our Clothing. Our Store has
struck up a more extended acquaintance this sea-
son with men who are dress-particular than it has
ever done in former seasons.

That is only natural. It's decidedly to their
interest to know our **STEIN-BLOCH** Clothing
and to wear our **STEIN-BLOCH** Clothing. Every
fabric that has been fashion-favored this season is
to be found here.

All the New Style Ideas are present.

Every garment is characteristic and distinct-
ive with an elegance that is in tip-top style and
the height of good taste, while every price is well
within the bounds of reasonableness. You will
never realize what difference there can be in
Clothes until you try on one of our suits. Every
line, every curve, every cuff and lapel breathes
that subtle effect so much desired by the best
dressers—namely, distinction.
